SUGAR LAND G.O. BOND

STREETS/MOBILITY BOND PACKAGE

PROJECT NAME

University Boulevard Widening-Mobility Bond Project

HISTORY

The segments of University Blvd. From SH 6 through Riverstone were planned to accommodate future expansion. Over the past few years the segment of University Blvd from New territory Blvd to Lexington has seen tremendous growth in traffic and the intersection with IH-69 has become critical to mobility within this corridor as growth continues in the areas surrounding it including the University of Houston campus expansion, Smart Financial Center, Brazos River Park/Festival Site south of US 59 and the commercial development north of US 59.

COST

\$1,700,000

DESCRIPTION

Design and construction of one additional lane in each direction of the existing concrete boulevard roadway from Wentworth to New Territory Blvd. Project includes intersection improvements at New Territory Boulevard, Telfair Avenue, Lexington Boulevard and Wentworth Avenue.

BOND PHASE

Design and Construction

CITY OF SUGAR LAND

2019 Voter Information Guide www.SugarLandTX.gov/GOBond
